

Carmel Forge is a leading organization in the forging industry, providing world-class products. We strive to cultivate a culture of transparency and responsiveness while exceeding the expectations of our customers and stakeholders.

We integrate quality considerations into every process to enhance both our performance and the performance of our environment.

Quality is the responsibility of every individual who works in the company, including senior management, department managers, team leaders, and employees.

The management undertakes to continuously implement and improve the quality management system complying with AS13100, customer requirements and applicable laws and regulations.
